Some words about Molfetta

The project will take place in Molfetta, a city in Apulia, on the Adriatic coast at about 25 km from Bari. Molfetta has around 60.000 inhabitants. In the last years Molfetta's commercial activities and attractions have been improved, thanks to the recent construction of a huge shopping area, equipped with stores, national chains, outlets, luna park, hard discount, cinemas and so on. At the same time in the

historical centre many restaurants, clubs, bars and youth meeting point are crowded during the weekend especially at the evening.

Istituto di Istruzione Secondaria Superiore Liceo Classico e Scientifico

Istituto di Istruzione Secondaria Superiore Liceo Scientifico "A. Einstein", Liceo Classico "L. Da Vinci" is an upper secondary school located in the city of Molfetta (Adriatic Coast) and it is attended by more than 700 students in 32 classrooms, employing more than 60 people among teachers and staff members. The institute gathers 2 secondary schools, which are the Liceo Classico "Leonardo da Vinci" and the Liceo Scientifico "Albert Einstein".

The accommodation will be provided in **double room with a shared bathroom and kitchen**. The lodging choice will be always decided by the School or InCo and **it is not possible for you to choose your own accommodation**. For both lodging options, volunteers will have to respect the rules of the structure and the environment where they live.

There are possibilities for the volunteers to have their meal either:

- At home, which is fully furnished with kitchen. In this case an additional amount of money of 150 euros will be provided.
- In case you are involved in an excursion, the hosting organization will provide food for you.
